Laserliner

LaserCube

Practical line laser for quick alignment work on the ground or walls

This practical line laser is ideal for quick alignment work on the floor and on the wall. The device can be easily aligned via vertical and horizontal spirit levels and can also be used as a laser spirit level. Special pins are used for secure, damage-free attachment. A bright, highly visible laser and the compact housing make it easy to use.

- **Suitable for use on floors and walls**
- **Safe attachment with special pins without damaging surfaces such as finishing coats, carpets, wood, veneered surfaces etc.**
- **Bubble levels for adjustment**
- **Vertical and horizontal vial**
- **Compact design**

TECHNICAL SPECIFICATIONS

VIAL ACCURACY	± 1 mm / m
ACCURACY	± 1 mm / m
LEVELLING	manual
LASER WAVELENGTH	635 nm
LASER CLASS	2 / < 1 mW (EN 60825-1:2014/AC:2017)
POWER SOURCE	3 x 1.5V LR44 (AG13)
OPERATING TIME	approx. 4 hours
OPERATING CONDITIONS	0°C … 40°C, max. humidity 80% rH, no condensation, max. working altitude 4000 m above sea level
STORAGE CONDITIONS	-10°C … 70°C, max. humidity 80% rH
DIMENSIONS (W X H X D)	38 mm x 38 mm x 38 mm
WEIGHT	36 g (incl. batteries)
