Multi Device Support

Multifunctional app for measuring technology with Bluetooth

TOOLS
SELECT DEVICE

MOISTURE MEASURING DEVICES ■ TEMPERATURE MEASURING INSTRUMENTS ■ ELECTRICAL METERS ■ SLOPE INDICATORS ■ DISTANCE METERS

and more

- Measure Note to notebook
- Foto Note in images
- Calculator with measurements
- Location measurements in a map
- Tools favorite connections
- Contact to Laserliner

1 Switch on measuring device
Automatic connection via ConnectManager

2 Take measurement
Fast data transfer to the app

GPS DATA

Location

- Storage of measured value location and address

APPLICATIONS

Automatic measurement / remote triggering

- Some devices measure and send the data automatically when stationary – for fast comparison measurements or alignment
- Enables remote triggering of measurement from your smartphone or tablet
- Measuring device can be positioned in difficult to reach locations

ADVANTAGES

Many functions

- Automatic voice output of measured values – DE, EN, NL, DA, FR, ES, IT, PL, FI, SV, NO
- Note down important details in the notebook
- Send object photos with measured values by email, WhatsApp etc.
- The last known location is stored
- Direct link to operating instructions of the device
- Permanent signal strength display

Makes your work easier

- Store measured data in one place
- Check drying process by temperature marks on photo
- Record construction defects directly on site
- Sketches are the ideal template for creating layout or detailed plans
- Precisely calculate material quantities at the office

FotoNote

- Quickly edit camera images
- Transfer measured values to photos
- Freely mark relevant areas
- Add timestamp
- Add values from the notebook

Calculator

- Use common mathematical functions for calculations with transferred measured values
- Add values by remote control during the calculation
- M-/M+ memory for further use in the notebook

OVERVIEW

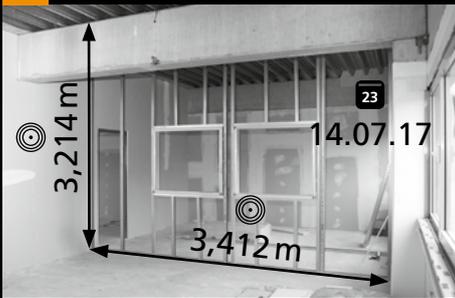

1 Voice output

2 Notebook

3 Marking photos

4 Calculator

5 Map view

- All applications with unrestricted availability
- No time limit

MEASURE NOTE

COMPATIBILITY

IOS

iPhone, iPad, iPodTouch,
optimised for iPhone 5, 6, 6 Plus and 7
system ≥ 8.1

Android

Phone, tablet
system $\geq 4.4.3$, with ARM-CPU

Bluetooth

≥ 4.0
