

CrossGrip

Clamp and wall bracket – versatile use

This magnetic clamp and wall bracket is suitable for all laser measuring devices with 1/4" thread. It has eyelets for direct mounting on the wall. Strong adhesive magnets on the back enable attachment to metallic surfaces. Horizontal or vertical mounting on drywall construction profiles is possible by means of clamping brackets. By adjusting the set screw, the opening width of the clamp can be regulated.

- Can be used on walls and magnetic objects
- Ideal for mounting horizontally and vertically on drywall construction profiles
- For all laser measuring devices with 1/4" thread

TECHNICAL DATA

Material	Polymer
Max. Height	150 mm
Min. Height	90 mm
Tripod Connection	1/4" thread
Operating Conditions	-10°C ... 50°C, max. humidity 85% rH, no condensation
Storage Conditions	-20°C ... 70°C, max. humidity 80% rH
Dimensions (W x H x D)	200 mm x 180 mm x 70 mm
Weight	600 g
