

PocketWallHolder

Multifunctional, height-adjustable magnetic wall bracket

This multifunctional mount is ideal for attaching compact lasers to walls, metal structures, and tripods through 1/4" and 5/8" threads. It is equipped with a hole for screws and nails and four powerful magnets. The horizontal plane can be aligned precisely and in a time-saving manner by adjusting the height.

- Ideal for precise and safe installation of compact lasers with 1/4" threads
- Exact height adjustment to quickly align the horizontal plane
- 4 strong magnets provide easy attachment to metal surfaces
- Versatile mounting options thanks to integrated screw and nail holes
- Suitable for tripods with 1/4" and 5/8" threads
