

Duraplane G360 Set 175cm

Robust, horizontal 360°-hybrid laser with anti-drift system, handheld receiver and levelling staff

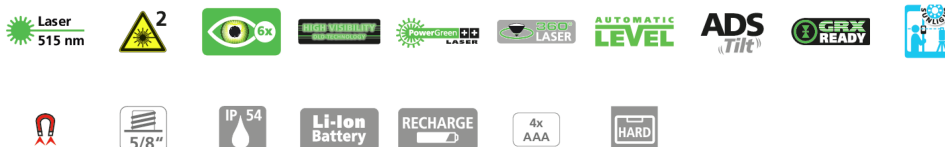

Ideal for quick and precise alignment of horizontals and inclinations indoors and outdoors. The device offers a very well visible laser line and a high measurement reliability. The application is comfortable due to the various mounting options and the practical battery status display. The set includes a levelling staff and a tripod.

- Time-saving drawing of horizontal lines in the whole room
- Exact work through fine and extremely bright laser line
- Reliable measurement through warning of unwanted position changes
- Easy alignment of slopes
- Laser booster doubles the visibility of the laser
- Battery status indicator
- Robust, dustproof and waterproof
- Integrated hand-held receiver mode for outdoor applications
- Fast detection of laser lines by handheld receiver
- Crank tripod of aluminium
- Easy-to-read, highly stable levelling staffs for use even under extreme conditions
- Second lithium battery and charger included in the set

TECHNICAL DATA

Self-levelling Range	± 3.5° (horizontal)
Accuracy	± 0.2 mm / m
Levelling	horizontal automatic
Laser Wavelength	515 nm
Laser Class	2 / < 1 mW (EN 60825-1:2014 / A11:2021 / EN 50689:2021)
Laser Modes	Hand receiver mode
Protection Class	IP 54
Power Supply	Li-ion battery pack 7.4V / 2.6Ah / 19.24Wh Power adapter 12V/DC / 2A
Operating Time	approx. 10 hours
Battery Recharging Time	approx. 4 hours
Operating Conditions	0°C ... 50°C, max. humidity 80% rH, no condensation, max. working altitude 4000 m above sea level
Storage Conditions	-10°C ... 70°C, max. humidity 80% rH
Dimensions (W x H x D)	125 mm x 145 mm x 120 mm
Weight	812 g (incl. battery pack / without accessories)
