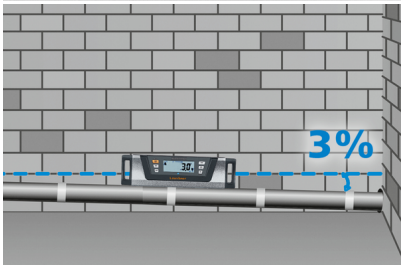
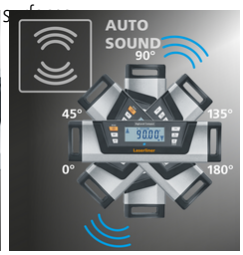
DigiLevel Compact

Digital electronic spirit level in compact design

This practical 360° digital slope indicator provides accurate horizontal and vertical alignment as well as transfer of angles. The durable device is shock-proof, dust-proof and can even operate temporarily underwater (IP 67). A highly accessible calibration function, 90°/45°/0° indicators, and an illuminated flip display for overhead measurement make this device easy to use. The magnetic bracket offers the benefit of hands-free working on metal constructions. Measured data can be transferred to a smartphone via the Digital Connection interface and easily documented using the free MeasureNote app.



- Exact alignment of slopes
- Slope storage for exact transfer of angles
- Highly accessible, easy to operate calibration function: Permanent accuracy thanks to reverse measurement
- Compact design, fits in any toolbox
- Effective protection from shocks due to rubber end caps
- Free hands when working on metal constructions thanks to magnetic holder
- IP 67: dust-proof and can operate temporarily underwater
- Acoustic guidance with 3 different signal tones
- Digital Connection interface for use with MeasureNote app
- Illuminated display with direction indicator
- Measurement units can be switched
- Extremely rigid aluminium profile with milled measuring



AutoSound · DIGITAL CONNECTION · Laserliner · IP 67 · 2x AAA · SOFT

TECHNICAL DATA

Vial Accuracy	±0.5 mm/m
Electronic Measuring Precision	± 0.05° at 0° … 1° ± 0.1° at 1° … 89° ± 0.05° at 89° … 90°
Display Accuracy	2 decimal places
Display Accuracy 0° - 1°	2 decimal places
Display Accuracy 1° - 90°	2 decimal places
Protection Class	IP 67
Port	Digital Connection
Power Supply	2 x 1.5V LR03 (AAA)
Operating Time	approx. 55 hours
Operating Conditions	-10°C … 50°C, max. humidity 80% rH, no condensation, max. working altitude 2000 m above sea level
Storage Conditions	-20°C … 70°C, max. humidity 80% rH

SCOPE OF DELIVERY

Item No. 081.280A	GTIN (EAN) 4021563716210	SU 2
