
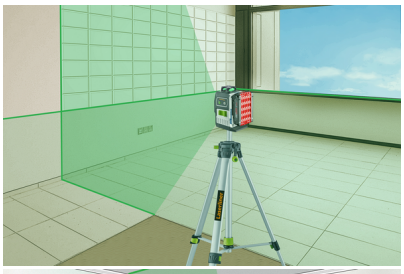
SuperLine-Laser G360 Multi-18V

Green cross line laser with horizontal laser circle, vertical laser line and compact tripod 150 cm – compatible with 18 V battery systems from well-known manufacturers, use of recycled material

The green cross line laser generates a clearly visible laser cross consisting of a horizontal circle and a vertical line, perfect for the precise alignment of objects. Thanks to the green laser technology with the PowerGreen brightness classification, good visibility is ensured also in poor lighting conditions. Thanks to the PowerAdapter available separately, the laser is compatible with the 18V battery systems from various well-known manufacturers. This means that the user can perfectly integrate the laser in their existing tools, for seamless and efficient use.

- Precise alignment with a horizontal laser circle and a vertical line arranged at right angles to it
- Compatibility with 18V battery systems: Works with 18V batteries from well-known manufacturers thanks to separately available PowerAdapters
- Efficient use: By choosing the right adapter, the laser can be seamlessly integrated in the customer's existing 18V peripheral systems
- Good visibility through green laser technology
- Easy alignment of slopes with manual tilt function
- Individually switchable laser lines
- Integrated handheld receiver mode for outdoor applications and long ranges



TECHNICAL DATA	
Self-Levelling Range	± 3.5° (horizontal)
Accuracy	±0.3 mm/m
Levelling	horizontal / vertical automatic
Visibility (Typical)*	30 m
Laser Wavelength	515 nm
Laser Class	2 / < 1 mW
Power Supply	Power pack 5V / DC / 2A for continuous operation
Operating Time	with 18V system 2 Ah approx. 10hr. with 18V system 4 Ah approx. 20hr.
Operating Conditions	-10°C … 50°C, max. humidity 80% rH, no condensation, max. working altitude 4000 m above sea level

SCOPE OF DELIVERY

Item No. 081.360E	GTIN (EAN) 4021563744589	SU 1
