

## VideoInspector 3DL

Professional video inspection system with compact, individually flexible camera head – maximum flexibility for tricky jobs and perfect for small openings

This professional video inspection system offers maximum flexibility, even on tricky jobs. It has an individually flexible and extremely small camera head which is perfect for narrow openings. The camera head can be quickly adjusted to the optimum view using the joystick on the base unit. This allows hard-to-reach places to be investigated which cannot be viewed with fixed camera systems. However, it provides very reliable, 360° inspection of, for example, pipe seals and the damage can be precisely located. The camera head and probe are waterproof and resistant to diesel, petrol, motor oil, AdBlue®, ethanol and sea water, making the device extremely versatile. Further benefits include the top quality LED object lighting and the magnetic stand for setting up the base unit.

- Effective problem localisation behind or in objects, walls, pipes, cavities
- Joystick control of the camera head provides maximum flexibility and optimum viewing
- Save time setting up on site with rapid adjustment of the required viewing angle

### TECHNICAL DATA

<b>Diameter Camera Head</b>	6 mm
<b>Camera Resolution</b>	1280 x 720 pixels
<b>Field of View (FOV)</b>	78°
<b>Depth of Focus (DOF)</b>	3 ... 8 cm
<b>Screen Type</b>	3,5" TFT display
<b>Display Resolution</b>	640 x 480 pixels
<b>Image Format</b>	JPEG
<b>Length of Probe</b>	2 m
<b>Illumination</b>	4 brightness levels
<b>Digital Zoom</b>	2x digital zoom in 10% increments
<b>Memory</b>	Micro-SD memory card up to 32 GB
<b>Port</b>	USB
<b>Ports</b>	USB type C 1/4" tripod thread SD card slot
<b>Power Supply</b>	Li-ion battery pack 3.7V / 2.8Ah USB type C 5V / 2A
<b>Dimensions (W x H x D)</b>	108 mm x 260 mm x 110 mm x (incl. holder)
<b>Weight</b>	750 g (incl. battery pack)

### SCOPE OF DELIVERY

Item No. 082.236A GTIN (EAN) 4021563723300 SU 1
