

## VideoFlex HD Micro

Professional, high-resolution video inspection system - suitable for very small openings

This professional video inspection system with compact camera head is perfect for precise visual inspection of small openings, such in pipework, wall cavities and motor vehicles. The high-resolution camera allows extremely detailed images and videos to be captured with 1:1 reproduction on the display with no loss of quality. The sharp digital zoom allows details to be clearly identified. Other benefits are the high-quality LED object lighting, optimum greyscale contrast reproduction, petrol and diesel resistant camera head, and the magnetic stand for setting up the base unit.

- Effective problem localisation behind or in objects, walls, pipes, cavities
- Small camera head, ideal for places that are hard to reach
- Very detailed image and video capture using high-resolution camera and 1:1 reproduction on the display with no loss of quality
- Extremely clear digital zoom due to camera's high resolution
- User has both hands free to position the camera unit thanks to the magnetic stand on the base unit
- 6 high-performance LEDs on the camera for powerful object lighting
