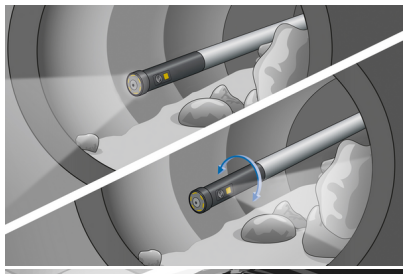
HD BoreScope-DuoCamera

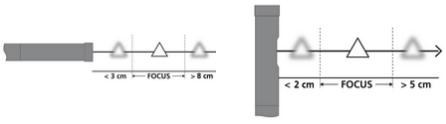
Digital endoscope for VideoFlex HD with small diameter and front and side cameras

The digital endoscope is perfect for narrow openings thanks to the small diameter camera head. The view can be quickly switched between the front and side camera using the ergonomically positioned switch directly on the thumb. Thanks to the high-resolution camera and the bright object illumination with a total of seven high-performance LEDs, very detailed image and video recordings are possible.

- Digital endoscope for the VideoFlex HD
- Effective problem localisation behind or in objects, walls, pipes, cavities
- Change from front to side camera view quickly and easily with ergonomic thumb switch
- Extremely small camera head diameter – perfect for small openings
- High-resolution camera for very detailed image and video capture
- 6 + 1 high-performance LEDs on the camera for powerful object lighting

TECHNICAL DATA	
Diameter Camera Head	5 mm
Camera Resolution	1280 x 720 pixels
Field of View (FOV)	80
Depth of Focus (DOF)	Front: 3 … 8 cm / Side: 2 … 5 cm
Length of Probe	300 mm
Ports	Industrial connector for camera
Dimensions (W x H x D)	450 mm x 30 mm x 30 mm
Weight	235 g





SCOPE OF DELIVERY

Item No. 082.284A	GTIN (EAN) 4021563732234	SU 1
