Laserliner

TipTest Duo Set

Phase tester for quickly checking the L-conductor at electrical connections

This reliable phase testing set allows the L-conductor on electrical installations to be quickly checked. Its compact design and convenient clip means these proven tools are ideal for shirt pockets or any tool box. The robust phase testers in two different lengths have a VDE GS approved design.

- Reliable and fast phase testing
- Simple to use and well-proven testing aid
- Compact design with convenient clip, practical for shirt pockets and tool boxes
- Two phase testers of different lengths
