

TK 100

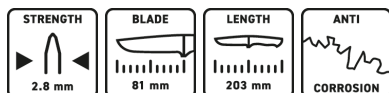

- Sharp, corrosion-resistant steel blade ensures precise work and a clean cut
- Partially smooth and serrated grind on the blades for use in many different areas
- Easy to use – unlock the blade by pressing a button
- Liner lock reliably keeps the blade in the open position
- Comfortable polymer grip with ergonomic finger moulding and integral loop
- Belt clip for easy fastening
- Optimum storage in a high-quality nylon holster for carrying either horizontally or vertically

This robust, folding knife allows precise work and a clean cut. The partially smooth and serrated grind on the black-coated blade allow this knife to be used in many different areas. The blade is unlocked by pressing a button which makes it extremely easy to handle. A liner lock keeps the blade in the open position. Users benefit from the comfortable polymer grip with ergonomic finger moulding and integral loop. A belt clip makes the knife easy to carry. Due to its compact size, this knife can also be easily kept in a trouser pocket.

TECHNICAL DATA

Version	Folding knife
