PROFESSIONAL TOOLS FOR BARBECUES AND THE KITCHEN

OUR PRODUCT RANGE FOR ALL BARBECUE ENTHUSIASTS

START THE BARBECUE SEASON WITH EVERYTHING YOU NEED!

PERFECT BBQ

Dear barbecue and outdoor aficionados,

As a brand, Laserliner has always stood for precise and innovative measuring technology. We have now applied our expertise to developing temperature measuring tools for barbecues – we make barbecuing and cooking easy and make sure your food is cooked to perfection.

With our modern technology, you can enjoy producing perfect results from your barbecue.

Wow your friends and guests with rare to well-done food. And you can even keep your barbecue ticking over in the dark as the robust, brightly lit display means you have the ultimate set-up for your barbecue party.

- **Quality, functionality, and the best results form your barbecue**
- **Optimum precision and efficiency**
- **User-friendly operation**

EFFORTLESS BARBECUES

MAKE EVERY BARBECUE NIGHT A SUCCESS!

PERFECT LIGHT

FOR BARBECUES AND OUTDOOR USE

The perfect barbecue buddy.

Who hasn't been there? You're having a relaxing barbecue and suddenly it's gone dark. Light levels and visibility are poor and there's food to put on the barbecue. That's when good lighting makes sense!

Effortless barbecues, even when lighting and visibility are poor.

Hands-free, with a head torch or a powerful hand-held torch, the problem is sorted straight away. These hand-held torches have a magnet and can be fixed directly to the barbecue. The movable head allows you to point the light where you want it. So your barbecue area is perfectly lit and ready to use late into the night.

- **Robust and flexible adjustment**
- **Range of light levels to choose from**
- **Easy to fix to the barbecue with magnets**

NOVA MASTER 200 LED
